LEGISLATIVE ACTS OF EARLY DATE IN NEW-HAMPSHIRE.

In this age of steam power printing presses and railroads, when a steam printing press is made capable of flinging off the enormous number of 25,000 impressions per hour, it would appear a slow process of preparing and circulating the laws to towns which might have been passed under Lieut. Gov. Usher, beginning March 1, 1692, in the Province of New-Hampshire. But the formidableness of the labor is very much reduced when it is to be considered that there were but four towns to be supplied at this time.

“ACTS AND LAWS

Passed by the Generall Assembly of the Maj.ties Province of New-Hampshire begun at Great Island the first of March, 1692 And continued by adiournment vnto Tuesday 25 July following.”†*

“An Act for the T^rreasurer to pay for the Coppies of the Lawes of this Province.

Be it enacted by the Lievt. Governer Councill and Representatives convened in Generall Assembly, And it

*At this period the new year commenced with the 25th of March, and the custom of dating from January 1, to March 25. was thus: 1692² or 1692-3.

† All acts passed took their date on the first day of the session, unless otherwise specified in the acts, according to Blackstone's Commentary.

“Precedents and rules must be followed, even when they are flatly absurd and unjust, if they are agreeable to ancient principles. If an act of Parliament had been brought in at the close of a session, and passed on the last day, which made an innocent act criminal, or even a capital crime; and if no day was fixed for the commencement of its operation, it had the same efficacy as if it had been passed on the first day of the session; and all who, during a long session, had been doing an act, which at the time was legal and inoffensive, were liable to suffer the punishment prescribed by the statute.”—*Blackstone's Com., note by Christian.*

is hereby ordered enacted and ordained by the authority of the same, that the Secretary of this Province doe forthwith from time to time send to each towne within this Province Coppies fairely written of all the Lawes that shall from time to time be made by the Lievt. Governor Councill and Generall Assembly for this Province, And that the fees for the same shall be payd by the Treasurer out of the Publick Revenue.

JOHN USHER, *Lievt. Gov.r.*

Some years since, in the examination of parts of old MS. books, bound in parchent, containing acts passed by the “Generall Assembly,” under the rule of Lieut. Gov. John Usher, in 1692 and after, I discovered an act passed to establish a *post-office* in Portsmouth, and *post routes* to other places.

After reading the act and examining it with some care, I came to the conclusion that in all probability it must be the *first post-office* and *post routes* established in the British Colonies in North-America through regal, and by colonial power.

The next thing was to establish this to be a fact. As the question had not been called up before to my knowledge, there were necessarily some difficulties to contend with in order to satisfactorily show to the public at this period, that New-Hampshire had the right of the first claim.

After examining the Colonial Records of Massachusetts, I sent the following *Query* to the “Historical Magazine and Notes and Queries,” which was published in volume 3, and answers to the same: “Which of the original thirteen States first established a post-office by an act of its Legislature, rates of postage, and routes connecting with other Colonies?”

The above claim as yet has not been refuted.

“*An act for Setling a Post office within this Province.*”

ATTORNEYS AT LAW.

In making up the annual list of lawyers for each town or city, it is the intention of the Compiler to insert the names, where there is more than one in a town or city, in the order in which each commenced business. An attorney, changing his place of business, or a young man, after having been admitted to the practice of law, and located for business, would confer a favor by sending his card to the Compiler.

RETURNS OF MEN FROM THE SEVERAL INDEPENDENT COMPANIES IN NEW-HAMPSHIRE.

Amoskeag Veterans,	160
Governor's Horse Guards,	102
Newcastle Light Guards,	85
Gilmanton Artillery,	33
LaFayette Artillery,	49
Wilson Rifles,	52
Canaan Grenadiers,	37
McCutcheon Guards,	38
Westmoreland Rangers,	36
Granite State Cadets,	78
Mechanics' Phalanx,	48
Granite State Guards,	92

The citizens of Pittsfield organized a corps called Mechanics' Phalanx, which promises to be creditable to the militia. In Great Falls the Granite State Guards have been organized, and the commissions were recently issued. Another company in that place, the Bonner Guards, has been revived, and both will undoubtedly soon be, in every respect, thoroughly organized and drilled. Within a few weeks a new company, the Granite State Cadets, has been enlisted in Nashua, and the officers commissioned. This company is composed of some of the best and most energetic men of the city; and such is the character of the men, and such the system and energy with which it has been conducted thus far, as to induce the belief that it will not stand inferior to any military corps in the State.

* * * * *

The organization of the Governor's Horse Guards has been the marked event of the year in the militia of the State. The charter was obtained at the session of the legislature of 1859. Soon after the adjournment, movements

were commenced for enlisting the corps. A meeting of the grantees and others was held in Concord, to accept the charter and take the preliminary steps for enlistments. Committees were selected to attend to the various departments, who reported at a subsequent meeting. On the 11th of January those who had enlisted met, elected their officers and took all the steps necessary for a perfect organization.

* * * * *

In accordance with orders issued by the Commander-in-Chief, and the Colonel Commanding, the corps formed at the City Hall, in Concord, on the 7th inst. (June, 1860), at 11 o'clock A. M., under the command of Lieut. Col. Bellows (Col. Stark being unavoidably absent, on account of lameness caused by the kick of a horse, while parading in a squad at Nashua). They proceeded in column in front of the State House, where they formed in line and received a standard, presented to them by the Commander-in-Chief. They then proceeded to the south end of the city, where they received the Commander-in-Chief, on his arrival from Portsmouth, and escorted him through the principal streets of the city, to the capitol.

* * * * *

The intention of this corps and its design is to perform escort duty to the Governor, annually, on the day of his inauguration. It is probable that they will perform this duty for many succeeding years. The manner in which that duty was performed this year is deserving of the highest compliment and praise. In the ranks of the corps are men of nearly all occupations, and of the highest political, social and business positions of the State. They have united in this regiment for the purpose of testifying their respect to the office of Commander-in-Chief, and of making his inauguration an occasion worthy of the ancient and proud commonwealth of which they are citizens.

ECCLESIASTICAL.

A TABLE, showing the names of Clergymen, of different denominations, who are settled over or have charge of societies in the different towns in New-Hampshire.

Where the same name occurs in two towns, it may be understood the minister officiates in both places.

Abbreviations used to designate the different Denominations.—C. T., Congregational Trinitarian; Ut., Unitarian; Pr., Presbyterian; E., Episcopalian; C. B., Calvinist Baptist; F. B., Freewill Baptist; Ch., Christians; M., Methodist; Uv., Universalist; R. C., Roman Catholic; Swed., Swedenborgian; S. A., Second Advents; Chr. G., Church of God. Those printed in *italics* are ordained ministers, but without charge of any particular church.

NOTE.—In order to facilitate and insure more correctness of the name and location of ministers in the State of New-Hampshire for the Register, the compiler would earnestly request a clergyman of each town or city, or one of each denomination, to give a list of the names, and hand to the care of their Representative to the Legislature in June, annually, directed to the compiler at Concord.

STATE PRISON.

Warden—John Foss.

Deputy—Moses F. Rogers.

Chaplain—Rev. Samuel Cooke.

Physician—Timothy Haynes, M. D.

From the Warden's Annual Report for the year ending July 1, 1859, to June 1, 1860:

The whole number of convicts committed since the opening of the institution, in 1812, is 1,129; number discharged, 555; number pardoned, 368; number removed to the Insane Asylum, 4; number died, 64; number escaped, 15.

The number committed during the year, 35; number remaining in prison June 1, 1860, 110.

According to the Warden's Report there has been a net surplus over and above the current expenditures, \$3,261.90. This tells well for the new Warden, and bids fair in his efficiency soon to refund to the State the appropriations recently made for re-building a work-shop and making other necessary repairs.

The new shop is built of brick, 156 feet long by 40 wide, two stories high; the lower story is filled with machinery for making bedsteads from planks sawed the right thickness, and from which the work is all done by ingeniously constructed machines, driven by steam power. The second story, the south part, is used for a shoe manufactory, and the north part for the finishing, staining and varnishing the work done in the lower story. The steam engine is placed in a part of the old shop, and adjoining is a wash-room, and further on a tailor's shop; in the wash-room, steam is introduced as a co-worker wherever and whenever it is found to be economy, and the work done more effectually, and with greater facility.

Appraisers of the property of the prison for 1860:

David Sawyer, of Alton.

Ephraim Weston, of Hancock.

Morris Clark, of Whitefield.
